Signature / date

- Independent study or special research project.** Attach written outline of specific academic work to be performed and of how this work will be directly supervised by a faculty member. Obtain approval from faculty member and from head of faculty member's department. Professional work related to student's major must be supervised by a College of Media instructor.

Department head's signature / date

- Academic course related to professional internship.** Credit is not given for internship but for work performed in a related course directed by a College of Media instructor. Attach copy of standard course requirements. Any published course prerequisites must be met. Credit is available for College of Media students only, one hour per internship, graded S/U. Work for student media does not qualify unless work is directly supervised by a professional. Student acknowledges that hours and grade will not count toward Dean's List.
